Funder

You are investing in sustainable living or are ready to tap into this area with high potential impact. You want to learn and are open to experimenting and collaborating. There is a huge demand to fund climate and nature solutions that enable equitable behaviour change.

Resources for you:

Resources from OneEarth Living, with partners:

- **Fair Earth Living Funder Collaborative** – a learning community hosted by OneEarth Living and MakeWay of both committed and curious funders in Canada enabling sustainable living.

Other resources:

- **Funder Network for Sustainable Living** – a network facilitated by the **Hot or Cool Institute** bringing together funders interested and engaged in funding sustainable living solutions.
- **KR Foundation Sustainable Behaviour programme** – an example of a funder programme addressing the root causes of climate change and environmental degradation by mainstreaming low-emission living.
